

People 2015-2016

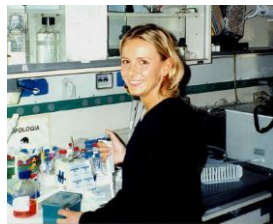

Massimo De Felici

Group Leader. Full Professor of Histology. Main research interests: Mammalian gametogenesis, primordial germ cell development, oocyte maturation, fertilization, germ cell apoptosis.

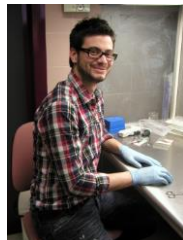

Donatella Farini

Researcher. Main research interests: Mammalian gametogenesis, primordial germ cell development, metalloproteases, estrogens.

Francesca Gioia Klinger

Researcher. Main research interests: Mammalian gametogenesis, primordial germ cell development, germ cell apoptosis, meiosis.

Valerio Rossi

Post Doc. Main research interests: Mammalian gametogenesis, oocyte apoptosis.

Serena Marcozzi

PhD. Main research interests: Mammalian gametogenesis, folliculogenesis.

Giulia Salvatore PhD

Maria Sorrenti PhD

Main research interests: Mammalian gametogenesis, primordial germ cells, stem cells
